Training Report

- No big changes for Public Safety Communications Basic
- The number of applications received by WLEA remains steady
- WLEA is running a new Field Training Officer Development class
 - The updated curriculum is 3 days, which is in line with the national standard
 - Communications scenarios have been added to the curriculum,
 - No longer just a Patrol Officer focus
- WLEA is hosting a Human Trafficking Awareness course in September that would be beneficial for Dispatchers

Update from Monte McClain

- Currently, one day of the schedule is Radio Lecture followed by Radio Practicals, the next day is Telephone Lecture followed by Telephone Practicals
- Instead of having each topic on a separate day, the plan is to combine both the lectures and the practicals
- We are implementing this method with the A Basic that is currently in session
 - Results will be discussed at the next meeting

POST
